This presentation may include some statements that express the expectations, beliefs and assumptions of BRF S.A. (“BRF” or “Company”) management about future events or results. Such statements do not correspond to historical facts, and are based on currently available competitive, financial and economic data, and on current projections about the industries in which BRF operates.

Verbs such as "anticipate," "believe," "estimate," "expect," "project," "plan," "predict," "aim," "target," "seek," and other verbs of similar meaning are intended to identify these forward-looking statements, which involve risks and uncertainties that could result in material differences between current data and the projections in this presentation and do not guarantee any future performance by BRF. Factors that may affect the performance of BRF include, but are not limited to: (i) acceptance of BRF products by the market; (ii) volatility related to the Brazilian economy, the economies of the countries in which BRF also operates in a relevant manner, and the financial and securities markets and the very competitive industries in which BRF operates; (iii) changes in legislation and taxation and governmental policies related to the domestic and foreign markets for animal protein and other related products;

(iv) increased competition from new producers in the Brazilian and international markets; (v) ability to keep up with rapid changes in the regulatory and technological environments; (vi) ability to maintain a continuous process to introduce new competitive products and services and preserve the competitiveness of existing ones; (vii) ability to attract customers in domestic and foreign jurisdictions; (viii) possible impacts resulting from epidemics and pandemics especially in Brazil and in other markets where BRF operates; (ix) the increase in inflation at the global level; and (x) negative effects of the wars in Ukraine and in Middle East countries on the world market. Other factors that may materially affect results can be found in BRF's Reference Form and BRF's annual report on Form 20-F, as filed with the U.S. Securities and Exchange Commission, especially in the section "Risk Factors."

All statements in this presentation are based on the information and data available on the date they were issued, and BRF does not undertake to update them with the emergence of new information or future events.

This presentation does not constitute an offer to sell or a solicitation to buy any securities.
